

FG Secondary

Surpassing yourself through strong relationships

In FG Secondary, our grammar school setting and infrastructure prepare you perfectly for further schooling, for instance at a vocational or business school, or for an apprenticeship. You will get to know your strengths with personal support and develop a vision for your future in the context of career guidance.

Come to FG Basel's secondary school. Here,

- you will become part of the strong **FG family**, where pupils and teachers work together as a team
- we will challenge and help you **individually** and with **personal learning support** at the secondary level E
- we will prepare you for future challenges with **interdisciplinary subject teaching**
- you will learn **independence and personal responsibility** in action-oriented projects: learning by doing!
- you will access an **extended professional network** and will be supported by your personal FG career coach
- you will benefit from the **infrastructure of a grammar school** with in-house high-school-leaving exams (subject teachers, laboratories, etc.)
- you will enjoy a **full school day** in your class group with a rich house culture, huge, three-court sports hall and an in-house canteen

Lesson content is based on the Lehrplan 21 curriculum and so guarantees a seamless transition between a state school and FG. In our special "Extended learning" teaching format, you will take part in projects extending across various subjects. In our "Lernlandschaften", you will develop your ability to work independently and enhance your personal interdisciplinary working and learning skills. You will improve your time management and self-organisation in collaboration with your personal supervisor. Take advantage of the opportunities we offer and the FG network for career guidance and develop a vision for your future.

At FG Secondary, you will receive a graduation certificate for middle school (including the assessment of your submitted work) at Secondary E level with a language diploma in English (PET/First/CAE) and French (DELFI), as well as a computing diploma (ECDL).

If you finish FG Secondary with an average grade of at least 5 and appropriate recommendations, you can transfer to FG Grammar School without losing any time.

Additional offers

At FG Basel we offer an extensive range of **supervised work, workshops and support options** (subject to a charge) that make use of the grammar school's full infrastructure.

Taster days at FG Secondary are possible at any time. We will be happy to provide you and your guardians with details of all educational aspects and present the school to you. We look forward to meeting you:
